1951 AGREEMENT FOR THE MARKETING OF GREEN PEAS FOR PROCESSING

MEMORANDUM OF AGREEMENT made by the Negotiating Board for green peas produced in Ontario in 1951, appointed under the provisions of "The Ontario Vegetable Growers' Marketing-for-Processing Scheme."

We, the undersigned members of the Negotiating Board, agree and recommend to the Farm Products Marketing Board that the following Agreement be approved:—

PURCHASE OF UNGRADED GREEN PEAS

1. The minimum price to be paid every grower for all green peas produced in Ontario during the year 1951, purchased and received for processing shall be at the rate of $85.00 per ton, f.o.b. factory or f.o.b. factory receiving station.

PURCHASE OF GRADED GREEN PEAS

2. The minimum prices to be paid every grower for all green peas produced in Ontario during the year 1951, purchased and received for processing shall average not less than $85 per ton f.o.b. factory or f.o.b. factory receiving station. Those processors purchasing on a graded basis may do so on the same T-meter readings and price ranges as in 1950, subject to the $10 per ton increase in the base price.

TERMS OF PAYMENT

3. (*a*) Every processor shall furnish a suitable bank guarantee to the Farm Products Marketing Board on or before the 1st of May, 1951, or alternatively, shall agree to pay 90% of the amount of the purchase price due and owing the grower on the following basis: payments shall be made on the 5th and 20th of each month after the first green peas are delivered by the grower to the processor and shall be payment of 90% of the purchase price of the peas delivered up to the 1st and 15th, respectively, of the said month.

(*b*) Every processor who has furnished a suitable bank guarantee on or before the 1st of May as hereinbefore set forth shall pay up to 50% of the amount of the purchase price due and owing to a grower for green peas delivered on or before July 15th and such payment shall be made on or before August 1st, 1951.

(*c*) In all cases for payment provided by subsections (*a*) and (*b*) of the paragraph the processor shall be entitled to deduct from the first payment or payments due by him to the grower thereunder, all moneys owing to the processor by the grower to such date.

(*d*) The final payment of any moneys due and owing to a grower or buyer for green peas produced in Ontario during the year 1951 purchased by a processor from such grower or buyer shall be made on or before November 1st, 1951.

TERMS OF CONTRACT

4. The provisions of this Agreement shall apply to and form part of every contract entered into between a processor and a grower for the purchase of green peas produced in Ontario for processing during the year 1951 and the provisions of this Agreement shall supersede any provisions that may be contained in any contract which is inconsistent with this Agreement.

5. Green peas produced in Ontario by any grower for processing in Ontario shall be sold and purchased on an acreage basis by a written contract between the grower and a processor.

6. No form of contract entered into between a grower and a processor shall contain any provision requiring the grower to purchase pea seed at a price exceeding Seven Dollars ($7.00) per 56-lb. bushel which charge may be deducted from any moneys payable to the grower for green peas produced and delivered to the processor and the amount of such deduction shall be shown on the grower's statement. In the event the gross return to the grower on all plantings of peas harvested for processing average less than Fifty-Six Dollars ($56.00) per acre the processor shall adjust the seed charge to one-half the gross returns for the crop. Processors supplying pea seed requiring more than four (4) bushels to be sown per acre shall absorb the extra cost of seed and shall not charge the cost of the seed over four (4) bushels per acre to the grower. In the event of a crop failure there will be no charge for pea seed supplied by the processor. Crop failures are agreed to exist by the grower and the processor when the cost of harvesting and delivery shall exceed the gross farm value of the crop.

7. Peas left unharvested in the green state at the direction of any processor shall be harvested by the grower in the ripe state and delivered by the grower to the processor free of foreign matter. The minimum price to be paid every grower for all such ripe peas shall be at the rate of 7.1c per pound.

8. In every contract or form of agreement where the grower agrees to plant and deliver a specified number of acres of green peas to a processor it shall be provided that the processor, when necessary, may limit deliveries of shelled peas to 3,500 pounds for each acre of green peas contracted for.

9. No form of contract or agreement entered into between a grower and a processor shall contain any provision for blanket tare deductions or other dockage provisions for thistle heads and all other forms of waste. Every grower shall be responsible for the removal of thistle heads before harvesting. In the event any land planted to green peas under a contract between a grower and a processor shall be found to be infested, in all or in part, and the grower neglects to remove properly such thistles before harvesting, the processor shall have the right to reject any or all such green peas grown upon such land without relieving the grower of his obligation to deliver the balance of the green peas. Such rejections, however, shall be made in the fields in question and once deliveries of green peas are made in accordance with the instructions of the processor from such lands no rejections shall be made.

10. Green pea pest control measures may be undertaken by any processor with the consent of the growers concerned and the cost of such control measures shall be negotiated and agreed to between the processor and the growers. In no case, however, shall the charge made by any processor for such pest control measures exceed the processor's cost for same.

11. No form of contract entered into between a grower and a processor shall contain any provision whereby any processor shall provide any service or equipment during 1951, excepting green pea pest control measures, at a rate in excess of a 20% increase in the rate charged for the same service during 1950. Furthermore, the charge for any service or equipment, excepting green pea pest control measures, provided by any processor during 1951 that was not provided during 1950 shall be at a rate agreed upon between the processor and the Ontario Vegetable Growers' Marketing Board.

12. A grower or processor shall have the right to cancel or request modification of the acreage contracted on or before the 1st day of April in any year in any contract for green peas entered into between a grower and a processor prior to that date by either party giving notice in writing by mail to the other party.

13. The processor or his representative shall determine the time of planting and it shall be the processor's responsibility to determine the time peas are ready to cut and notify the grower accordingly. Notice for the cutting and delivering of pea vines shall be issued sufficiently in advance of the time specified for delivery to give the grower reasonable time, weather conditions considered, in which to make the required delivery.

14. The processor agrees to establish a system of scheduled deliveries and to accept and receive peas ordered vined and delivered to the factory in good condition for processing and the processor undertakes that the time for waiting for unloading shall not exceed two hours provided the deliveries of all growers are made on schedule and under normal conditions at the factory or vining station. If this is not complied with, the processor is to pay the grower a reasonable allowance for trucking and labour costs beyond the two hour limit.

15. The grower or processor shall be excused for non-fulfilment of contract caused by inability beyond the control of either party to obtain necessary supplies, fire, lack of transportation facilities, floods, strikes, earthquakes, wind, hail, Acts of God, invasion, order of civil or military authorities or any external act beyond the control of either party to the extent that the fulfilment of contract has been hindered or prevented by such cause or causes.

16. Each processor shall, before any contract is made with a grower, deliver to the local board a copy of its form of contract to be issued between the grower and itself and in addition each processor shall forward to the local board a list of the growers who have signed contracts together with the acreage contracted for not later than May 31st, 1951.

CONDITIONS OF SALE

17. Seed delivered by a processor shall have a tag attached to each bag showing the current germination test and such seed shall be paid for in accordance with the terms of this Agreement.

18. The processor agrees to accept delivery of all contracted peas subject to the quantity limitation of No. 8 of this Agreement at the time peas are ready for

processing and the processor will accurately weigh shelled peas as they are received from the viner, keep a true and accurate record of weights and grades and furnish the grower with a duplicate, original copy of all weights and grades upon delivery by the grower and the grower may enter the premises of the processor for the purpose of checking the grading and weighing. The weight slips shall be signed by the processor or his duly authorized agent and one signed copy shall be retained by the grower for his permanent record.

19. Weight tickets are to be retained by the growers for their permanent record but in the event of checking names or weights for any loads in dispute being deemed advisable growers shall produce weight tickets for inspection and verification if deemed advisable for auditing purposes.

20. Tare on empty pea boxes shall be the actual weight of the boxes as determined by the processor weighing up representative samples periodically throughout the harvesting season.

21. When pea ensilage is offered for sale by any processor the growers contracting to grow green peas for the processor shall have first option to purchase such pea ensilage with a time limit specified by the processor.

22. When green peas are purchased on a graded basis the green peas shall be graded by a Tenderometer or Texturemeter machine. The Tenderometer or Texturemeter reading shall apply to each load from which the sample was taken for grading. Samples for grading shall be taken in one of two ways as follows:

(*a*) When green peas are graded at the processor's vining station:

From the full run of the apron. Such samples shall be obtained by the use of a long sampling tray.

(*b*) When green peas are graded at the processor's factory:

By taking an equal quantity of peas midway down in each box delivered to the processor.

Each sample shall weigh at least five pounds and be thoroughly mixed and cleaned before being graded. If any grower or his representative so request, two additional gradings shall be made before the processor commences to process and the average of the three tests shall determine the grade of the green peas delivered.

23. The processor shall maintain the Tenderometer or Texturemeter machine in good working order and shall permit any pea grader appointed by the Ontario Department of Agriculture to inspect and test the machines. The grower or his representative may inspect the grading of his peas by the processor at any time.

24. Any additional cost which may be incurred as a result of a change in the factory or vining station to which the pea vines are to be delivered as ordered by the processor shall be borne by the processor.

25. In the event of a dispute between the processor and the grower as to the quality of peas purchased on the ungraded basis, the matter in dispute shall be referred to an Inspector appointed under *The Farm Products Grades and Sales Act* immediately, who will test the peas with a tested Texturemeter and if found to grade less than 150 lbs. the processor shall accept and pay the grower the agreed price per ton for ungraded peas.

26. A duly appointed representative of the Ontario Vegetable Growers' Marketing Board shall have the authority to represent the grower in all matters concerning this Agreement in accordance with the provisions of the Ontario Vegetable Growers' Marketing-for-Processing Scheme.

THE REGULATIONS ACT

INSTRUCTIONS ARE HERE GIVEN FOR MAINTAINING AN UP-TO-DATE COMPILATION OF THE PUBLIC GENERAL REGULATIONS OF ONTARIO

Consolidated Regulations of Ontario, 1950 is a consolidation of the public general regulations of Ontario as of December 31st, 1950. (The temporary third volume will be replaced by a volume containing regulations not included in volumes 1 and 2.)

Ontario Regulations (within the meaning of The Regulations Act) are published each week in the Ontario Gazette. In addition to the regular numbering of pages at the top of the page, the *regulations section* of the Gazette has a foot pagination. The *regulations section* is printed and bound in such a manner that upon removing the metal staples from each number of the Gazette the *regulations section* may be removed as a unit. Thus the *regulations section* from each issue of the Gazette may be bound together either temporarily or permanently and the numbering at the foot of the pages constitutes a continuous pagination for the purposes of such a compilation.

In view of the limited supply of back numbers of the Ontario Gazette which are kept on hand by the King's Printer, the above information is given at this time so that those desiring to maintain a complete compilation of the public general regulations of Ontario may take appropriate steps.

THE REGULATIONS ACT

INSTRUCTIONS ARE HERE GIVEN FOR MAINTAINING AN UP-TO-DATE COMPILATION OF THE PUBLIC GENERAL REGULATIONS OF ONTARIO

Consolidated Regulations of Ontario, 1950 is a consolidation of the public general regulations of Ontario as of December 31st, 1950. (The temporary third volume will be replaced by a volume containing regulations not included in volumes 1 and 2.)

Ontario Regulations (within the meaning of The Regulations Act) are published each week in the Ontario Gazette. In addition to the regular numbering of pages at the top of the page, the *regulations section* of the Gazette has a foot pagination. The *regulations section* is printed and bound in such a manner that upon removing the metal staples from each number of the Gazette the *regulations section* may be removed as a unit. Thus the *regulations section* from each issue of the Gazette may be bound together either temporarily or permanently and the numbering at the foot of the pages constitutes a continuous pagination for the purposes of such a compilation.

In view of the limited supply of back numbers of the Ontario Gazette which are kept on hand by the King's Printer, the above information is given at this time so that those desiring to maintain a complete compilation of the public general regulations of Ontario may take appropriate steps.

In His Majesty's name, the Honourable the Lieutenant-Governor of the Province doth assent to these Bills.

Mr. Speaker then said:

May it please Your Honour:

We, His Majesty's most dutiful and faithful subjects, the Legislative Assembly of the Province of Ontario, in Session assembled, approach Your Honour with sentiments of unfeigned devotion and loyalty to His Majesty's person and Government, and humbly

beg to present for Your Honour's acceptance a Bill intituled, "An Act for granting to His Majesty certain sums of money for the Public Service of the fiscal year ending the 31st day of March, 1951, and for the Public Service for the fiscal year ending the 31st day of March, 1952."

To this Act the Royal Assent was announced by the Clerk of the Legislative Assembly in the following words:

The Honourable the Lieutenant-Governor of the Province doth thank His Majesty's dutiful and loyal Subjects, accept their benevolence and assent to this Bill in His Majesty's name.

His Honour was then pleased to deliver the following gracious speech:

Mr. Speaker and Members of the Legislative Assembly:

It is now my duty to prorogue the third session of the Twenty-third Legislature of the Province of Ontario. Before doing so I wish to thank you in the name of His Majesty for your diligent and loyal attention to the business of the people of this Province. I wish also to express some comment upon particular matters which have come before you and to which you have applied your faithful endeavour.

Many Public Bills have received sanction. All of these measures will benefit the people of the Province and are consistent with the desire of my Government to perform its duties faithfully as their servants and to progress with the continuing development and economic expansion of the Province. Some of these measures necessarily have come about by reason of dangerous developments in world conditions and by reason of the grave need of our nation to assume most heavy responsiblities toward the preservation of its own security and of that of the free world. Other measures reflect the grave concern of my Government in relation to the soaring costs upon our people in their day to day living and in relation to the need to restrain and contain the inflationary influences of these troubled and extraordinary times.

It is my wish to mention particularly a few of these measures. Legislation has been approved which is of great and historic importance to the women of the Province. The place of women in the social and economic life of Ontario has been given the widest recognition. Under a measure of progressive significance, they will be entitled to fair remuneration in comparison with men who do similar work with them. By another measure women will be entitled to play their very necessary part in the administration of justice by their having been granted eligibility to serve on juries.

Of very great significance is a measure which will promote fair employment practices in Ontario. In recognition of the fundamental equality of the human person in the right to employment, discrimination against men and women in respect to their employment because of race, creed, colour, nationality, ancestry or place of origin is now contrary to the law of the Province, a provision of our law which will meet with a sincere welcome by our people.

A measure has been approved which will bring very great benefit to the farm people of the Province. The Hydro-Electric Power Commission of Ontario, acting in conjunction with The Ontario Northland Transportation Commission and the Department of Lands and Forests, will undertake a broad program of examination into the rural telephone situtation in the Province. Expert technical and other advice will be made available to our many rural telephone organizations, and other forms of practical assistance will be offered. It is expected confidently that the examinations and surveys made under the authority of this measure will lead soon to real improvement in the rural telephone facilities presently existi g and to important solutions of the problems as a whole.

In view of the special problems presented by these extraordinary times, and of particular relation to the economy of our Province, certain measures of control have been approved. I refer particularly to legislation which will give the necessary authority to regulate leaseholds and rentals of dwelling places. The interests of all concerned with dwelling leaseholds will be given careful examination by a select committee of the Legislature with a view to devising a system of leasehold regulations which will be fair and equitable in every way. I wish to refer also to a measure which will provide the authority to the Milk Control Board of Ontario to fix maximum prices at which milk may be sold for consumer use. Consumer representation has been added to the Board.

Many other measures have received sanction which will bring great benefit to our people and will keep Ontario in the forefront of the great democratic states. It is worthy of special note that children in the elementary grades will receive free school books; action which will carry forward in important fashion the desire of my Government to provide educational facilities for our growing nation, unexcelled anywhere.

A select committee of the Legislature has been created for the purpose of examining into all phases of the administration of crminal justice within the Province. Its endeavours will be directed toward the finding of ways and means of improving this important branch of government administration so that complete fairness and impartiality, both in the interests of the state and of the citizen, will be strengthened where possible.

In order that the people of the Province, who are real owners of The Hydro-Electric Power Commission, shall have a closer contact with the affairs of the Commission, a measure has been approved which increases the representative functions of the Advisory Council to the Commission. Among other interests to be thus represented in the affairs of Hydro will be the Municipalities and, of very much importance, the women of the Province.

Special mention should be made of improvements to the Workmen's Compensation Act which will bring further benefits to injured workmen and their dependents.

The legislation in relation to elections has been given careful consideration and substantial improvements have been sanctioned. In the light of these difficult days the franchise has again been extended to members of the forces who are serving away from their homes.

Many other measures have been passed which assist our people and tend to the betterment of conditions. Progressive improvements have been made in many fields. Among these may be listed: the marketing of farm products, the licensing of establishments for the sale of liquor, the payment of Mothers' Allowances, the protection of deserted wives and children, the transmission of natural gas, and the fields of the administartion of justice and the management of our natural resources. Other measures which will better our already high standard of public health, and which will improve the carrying out of its duties by the Department of Education, have received sanction.

Many other matters have received consideration and approval. Among them should be mentioned twenty-eight Private Bills dealing with matters of special importance to those concerned.

Adequate and satisfactory financial provision for the ensuing year has been made. The demand for funds to meet the requirements of my Government has been higher than ever before. Neverthless through the careful application of sound fiscal policies, it has not been necessary to impose new or increased taxation. In fact the contrary is true and my Government has been able to effect a reduction in the hospitals tax without in any way limiting the assistance which will be given to hospitals. Additional financial benefits are being provided

within the social security fields, notably in improved Mothers' Allowances and further assistance to Homes for the Aged. Much gratification is expressed respecting the secure and well-founded financial condition of our Province, and much encouragement is taken from the continuing application of these policies.

May I express my thanks for the appropriation of public funds for the purposes to which I have just referred. I am confident that under the guidance of Divine Providence, the well-being and security of the people of this Province will be strengthened. May I thank you also for your progressive and loyal services as legislators.

The Provincial Secretary then said:

Mr. Speaker and Gentlemen of the Legislative Assembly:

It is the will and pleasure of the Honourable the Lieutenant-Governor that this Legislative Assembly be prorogued and this Legislative Assembly is accordingly prorogued.

TORONTO, March 21st, 1951.

The Honourable the Lieutenant-Governor entered the Chamber on Wednesday, March 21st, 1951, and took his seat on the Throne.

Mr. Speaker addressed His Honour as follows:

May it please Your Honour:

The Legislative Assembly of the Province has at its present Sittings thereof passed certain Bills to which, in the name and on behalf of the said Legislative Assembly, I respectfully request Your Honour's Assent.

The Clerk Assistant then read the titles of the Bills that had passed severally as follows:

The following are the Titles of the Bills to which Your Honour's Assent is prayed:

Bill No. 117, An Act to amend The Power Commission Act.

Bill No. 118, An Act to facilitate the Development of Power on the Niagara River.

Bill No. 129, An Act to amend The Milk Control Act.

To these Acts the Royal Assent was announced by the Clerk of the Legislative Assembly in the following words:

In His Majesty's name, the Honourable the Lieutenant-Governor doth assent to these Bills.

The Honourable the Lieutenant-Governor of the Province was then pleased to retire.

ALEX. C. LEWIS, K.C.,
Clerk of the Legislative Assembly
of Ontario.

(2) No participant and no person having an interest in any participant shall have or be deemed to have individual ownership in any particular asset in a fund.

(3) All the assets of a Fund shall at all times be considered as assets held in trust by the trust company, and title thereto shall be vested solely in the trust company as trustee.

UNITS OF PARTICIPATION

4. (1) A Fund shall be divided into units of equal value and the proportionate interest of each participant shall be expressed by the number of such units allocated to it.

(2) Upon the establishment of a Fund a trust company shall divide the Fund into units of five dollars or any multiple of five dollars, and shall allocate to each participant the number of units proportionate to its original investment in the Fund.

(3) When additional moneys are admitted to the Fund, the amount so admitted shall be equal to the then value of one or more of the units of the Fund and the number of units shall be increased accordingly.

(4) Each unit of participation shall have a proportionate equal beneficial interest in the Fund and none shall have priority or preference over any other.

LIMITATIONS ON PARTICIPATIONS

5. (1) No money of any estate or trust shall be admitted to a Fund if as a result such estate or trust would then have an interest in the Fund in excess of ten per centum of the book value of the assets of the Fund, or the sum of $50,000, whichever is less.

(2) If a trust company maintains more than one Fund, no money of any estate or trust shall be admitted to a Fund if as a result such estate or trust would then have an aggregate interest in excess of $50,000 in all the Funds maintained by the company.

(3) In applying the limitations contained in this regulation, if two or more trusts are created by the same settlor or settlors and as much as one-half of the income or principal or both of each trust is payable or applicable to the use of the same person or persons, such trusts shall be considered as one.

ADMISSIONS AND WITHDRAWALS OF PARTICIPATIONS

6. (1) No trust moneys shall be admitted to and no participation shall be withdrawn from a Fund except on the basis of the trust company's valuation of the Fund and except as of a valuation date.

(2) A period not in excess of seven business days of the trust company following a valuation date may be used to make the computations necessary to determine the value of the Fund and of the units thereof.

(3) When a participation or any part thereof is withdrawn from a Fund, the amount withdrawn may, in the discretion of the trust company, be paid in cash or rateably in kind, or partly in cash and partly rateably in kind, provided that all payments or transfers as of any one valuation date shall be made on the same basis.

(4) No admission of trust moneys to or withdrawal of a participation from a Fund shall be permitted if the result would be that less than forty per cent of the remaining assets of the Fund would be composed of cash and readily marketable securities, provided that nothing herein contained shall be deemed to prohibit a rateable distribution upon all participations.

(5) Where any security held in a Fund has become one which would not be eligible as a new investment of such Fund, no further admissions to or withdrawals from the Fund shall be permitted until after such security has again become so eligible or has been eliminated from the Fund either through sale, distribution in kind, or segregation in a liquidation account for the benefit rateably of all trusts and estates then participating in the Fund.

(6) No participation shall be withdrawn in part only unless the amount so withdrawn is equal to the then value of one or more full units.

PARTICIPATION REGISTER

7. A Register shall be maintained for each Fund, showing with respect to each participant:

(*a*) The date of each admission of trust moneys to the fund, the number of units allotted and the value at which each unit is allotted;

(*b*) The date of each withdrawal, the number of units redeemed, and the amount paid on redemption to the participant;

(*c*) The number of units currently held;

(*d*) The share in any liquidating account.

PARTICIPATION CERTIFICATES

8. Participations in a Fund may be evidenced by certificates, but no trust company maintaining a Fund shall issue any document evidencing a direct or indirect interest therein in any form which purports to be negotiable or assignable.

VALUATIONS

9. (1) Not less frequently than once during each period of three months, the trust company shall determine the value of each Fund which it maintains and of the units of participation thereof.

(2) In the valuation of the investments of a Fund, the following rules shall be observed:

(*a*) Securities listed on any stock exchange shall be valued at their closing sale prices on the valuation date; if no sale of a particular security has been reported for that day, the last published sale price or the average of the last recorded bid and asked prices, whichever is the more recent, shall be used, unless in the opinion of the trust company, the value thus obtained may not fairly indicate the actual market value, in which case the trust company shall obtain from two members of the Stock Exchange a written estimate of the value of such security as of the valuation date, and shall use the average of such estimates.

(*b*) Securities not listed on any stock exchange, except mortgages, shall be valued as of the valuation date either by taking the average between the most recently published bid and asked prices or by taking the average of quotations from two recognized dealers in the securities.

(*c*) For the purposes of (*a*) and (*b*) the trust company may rely, as sufficient evidence, upon reports of sale and bid prices and over the counter quotations, published in any newspaper of general circulation in the City of Toronto or in any recognized financial journal or report or quotation service or in the records of a stock exchange.

(*d*) In respect of investments in mortgages, the trust company shall from time to time obtain a written appraisal as to the value of each mortgage and of the real estate securing the mortgage, provided such appraisal shall be made by a registered real estate broker or other person (who may be an employee of the trust company) whom the company believes to be qualified to appraise real estate values in the vicinity in which such real estate is situate, and provided an appraisal may be used only for valuations made within the period of thirty calendar months next following the dates of the appraisal.

(*e*) In respect of a stock where a dividend has been declared but has not been paid and the amount of such dividend has been considered as income under the provisions of the Plan of Operation of the Fund, the amount of such dividend shall be deducted from the price of the stock in determining its value unless such price shall be an ex-dividend price.

(*f*) An investment purchased, and awaiting payment against delivery, shall be included for valuation purposes as a security held, and the cash accounts shall be adjusted by the deduction of the purchase price, including brokers' commissions and other expenses of the purchase.

(*g*) An investment sold but not delivered pending receipt of proceeds shall be valued at the net sales price after deducting brokers' commissions and other expenses.

DISTRIBUTIONS OF INCOME

10. (1) The income of a Fund and the apportionment thereof shall be determined at each valuation date.

(2) The income shall be distributed to participants not less frequently than quarter-yearly.

(3) For purposes of distribution to participants, the income may be computed, at the option of the trust company, either on the basis of income accrued or on the basis of income actually received.

(4) To facilitate the distribution of accrued but uncollected income, the cash principal of a Fund may be used, to the extent necessary.

INVESTMENTS

11. (1) The investments of a Fund shall be kept separate from the trust company's own property, and each investment shall be so earmarked in the books of the company as to show clearly the Fund to which it belongs, provided that any moneys of the Fund awaiting investment or distribution may be held on deposit in the Savings Department of the trust company subject to payment thereon by the company of interest computed at the current rate and in the same manner as in the case of ordinary deposits.

(2) The total investment of a Fund in stocks, bonds, or other obligations issued or guaranteed by any one person shall not exceed five per centum of the book value of the Fund, provided that this limitation shall not apply to investments in obligations of or guaranteed by the Government of Canada or of or guaranteed by the Government of any Province of Canada.

(3) The total number of shares held by a Fund in any one class of shares of stock of any one corporation shall not exceed five per centum of the number of such shares outstanding, and if the trust company maintains more than one Fund no investment shall be made which would cause the aggregate investment for all the Funds in any one class of shares of stock of any one corporation to exceed such limitation.

(4) The total investment of a Fund in mortgages shall not exceed twenty-five per centum of the book value of the Fund.

(5) Not less than forty per centum of the value of the assets in a Fund shall be maintained in cash and readily marketable securities.

ACCOUNTING RECORDS

12. A complete set of accounting records shall be maintained for each Fund, and such records shall clearly distinguish items of principal from items of income.

AUDIT

13. (1) The trust company shall, at least once during each period of twelve months, cause an audit of each of its Funds to be made by a qualified accountant or accountants approved for such purpose by the Registrar.

(2) The report of such audit shall include a list of the investments comprising each Fund at the end of the period covered by the audit, the book value thereof as at the end of the period covered by the audit, a statement of purchases, sales and any other investment changes and of revenue and disbursements since the last audit, and appropriate comments as to any investments in default as to payment of principal and interest.

(3) The reasonable expenses of any such audit if made by an independent accountant or accountants shall be paid out of the Fund and charged to principal and income in such proportion as the trust company shall deem proper.

(4) The trust company shall file a copy of the report of audit with the Registrar.

(5) The trust company shall, without charge, send a copy of the report of audit to any co-trustee of a participant, and shall also without charge, upon request, send a copy of the report to any beneficiary of a participant.

INSPECTION OF RECORDS

14. The register of participations and all accounting records pertaining to a Fund for the period subsequent to that covered by the last accounts passed by a court shall be open to inspection during the regular business hours of the trust company on the eighth, ninth and tenth business days of the company next following any valuation date, by any co-trustee or beneficiary of a participant.

ADMINISTRATION FEES AND EXPENSES

15. (1) A Fund shall not be deemed a separate trust fund on which commissions or other compensation is allowable and no trust company maintaining a Fund shall make any charge against it for the management thereof nor pay a fee, commission or compensation out of the Fund for management.

(2) The trust company may, however, reimburse itself out of a Fund for all reasonable expenses incurred by it in the administration of the Fund.

(3) In any trust or estate which has moneys participating in a Fund, the trust company shall not by reason of such participation, be deprived of the management fee or other compensation to which it would otherwise be entitled in respect of such moneys.

PUBLICITY

16. In soliciting business or otherwise a trust company shall not advertise or publicize the earnings realized on a Fund or the value of the assets thereof, except as may be permitted or required under these Regulations.

TERMINATION OF A FUND

17. (1) A trust company may in its discretion terminate and distribute a Fund as of any valuation date.

(2) The Registrar may, by written notice to the trust company, direct the termination and distribution of any Fund within such time as shall be specified in the notice.

¾" to 1¼" diameter at the rate of $69.00 per ton;

"Beets shall be firm, but not woody, well-trimmed and free from decay and serious damage caused

by dirt, sprouts, secondary growth, cuts, growth cracks and mechanical or other means and the minimum sizes for beets shall be as specified in Section 1 of this Agreement."

3. No form of contract entered into between the grower and the processor shall contain any provision requiring the grower to purchase beet seed at a price greater than the processor's cost for such seed and in no event to exceed $1.00 per pound which charge may be deducted from any moneys payable to the grower for beets produced and delivered by the grower to the processor and the amount of such deduction shall be shown on the grower's statement.

4. In every contract made between the processor and the grower for a specified number of acres of beets, the processor shall accept the total marketable crop of beets produced on the contracted acreage. In every contract made between the processor and the grower for a specified number of tons of beets, the contract shall be deemed to have been fulfilled by the grower when delivery has been made of the tonnage specified.

RE: CABBAGE

5. The minimum price to be paid the grower by the processor for cabbage produced in Ontario during the year 1951 purchased and received for processing, f.o.b. factory or f.o.b. factory receiving station shall be at the rate of $12.50 per ton.

In every contract made between the processor and the grower for a specified number of tons of cabbage, the contract shall be deemed to have been fulfilled by the grower when delivery has been made of the tonnage specified.

13. Every contract between the grower and the processor for beets, cabbage or carrots shall specify a factory or factory receiving station where delivery is to be made. Where the delivery point is changed by the processor after the contract is entered into the additional haulage, if any, shall be for the account of the processor.

14. In respect of grades and grading the definitions of the terms used in Section 2, 6 and 10 of this Agreement shall be in accordance with the definitions in the Regulations of *The Farm Products Grades and Sales Act* pertaining to grades for beets, cabbage and carrots. 19. When containers are supplied by the grower for delivery of beets, cabbage and carrots to the processor and are properly identified by name, initials or other satisfactory identifying mark, the processor shall be responsible for damage or destruction, reasonable wear and damage excepted, for the containers while the containers are in the custody of the processor, provided that the processor shall return the containers to the grower on or before the date of final settlement.

20. When containers are supplied by the processor for delivery of beets, cabbage and carrots by the

grower, the grower shall be responsible for damage or destruction, reasonable wear and damage excepted, for the containers while the containers are in the custody of the grower provided that the grower shall return the containers to the processor on or before the date of final settlement.

In the event there is a dispute between the grower and the processor as to the terms of this Agreement or of any contract between the processor and the grower, a representative of the Ontario Vegetable Growers' Marketing Board shall have authority to investigate and endeavour to effect a settlement of the dispute. Failing to reach a settlement, the dispute shall be referred to the Farm Products Marketing Board.

Rules of the Rules Committee.
Amending O. Regs. 261/44.
Approved—17th May, 1951.
Filed—21st May, 1951, 3.10 p.m.

AMENDMENTS to the Rules of Practice and Procedure of the Supreme Court of Ontario made by the Rules Committee on the 13th day of April, 1951, under *The Judicature Act*.

1. Rule 652.—(2) of Ontario Regulations 261/44 is amended by substituting "$50" for "$30" so that the said Rule 652.—(2) shall read as follows:—

(2) No sum in excess of $50 shall be allowed, without taxation, save by a Judge.

2. Rule 653.—(1) of Ontario Regulations 261/44 is amended by deleting the last sentence thereof commencing with the words "Such commission shall be as follows:" and ending with the words "solicitor and client" and substituting therefor the following:—

"Subject to such increase or decrease upon the recommendation of the Master as may be approved by a Judge on the confirmation of the Master's Report, such commission shall be as follows:

On the first $1,000	15	per cent
On every $100 over $1,000 and up to $2,500	5	" "

and such remuneration shall be in lieu of all fees whether between party and party or between solicitor and client. On the application for confirmation of the Master's Report, the Judge may direct that the amount of such commission be varied or be taxed."

so that the said Rule 653.—(1) shall read as follows:—

Subject to such increase or decrease upon the recommendation of the Master as may be approved by a Judge on the confirmation of the Master's Report, such commission shall be as follows:

On the first $1,000	15 per cent
On every $100 over $1,000 and up to to $2,500	5 " "
